Looks better...I also tried making the #s bigger to make them easier to read. Similar to the EFED tables.

I made the table a bit bigger. What do you think?

Hi Debra,

Thanks for adding the slide back. I added a table to slide 8 to address Mike's request. Please see if it looks ok...big enough? Thanks,

Will

Hi Will,

I think the omitted slide is back and the mitigation for the soil incorporation is added back. Let me know what you think and if there are any other changes needed.

Thanks.
Debra
